

## Oregon Society of Radiologic Technologists Invites you to Diamond Lake 2011

You are invited to attend the Annual Diamond Lake Seminar and participate in what has become one of Oregon's exceptional educational opportunities. Diamond Lake's pristine beauty creates a relaxing backdrop where radiographers receive continuing education, and enjoy the surrounding area with family or friends. Participants will have the option of registering for eight hours or twelve hours of continuing education. As requested by past attendees, we are making it possible to get an entire year's CE requirements in one weekend, in a very cost effective opportunity.

**Make reservations ASAP if you plan to stay at the Diamond Lake Resort.** The resort has both motel rooms and cabins available, and they are reserving these for seminar registrants until August 31st. Their toll free number is **1-800-733-7593**, and **be sure** to identify yourself as a seminar participant when calling. The address is Diamond Lake Resort, 350 Resort Drive, Diamond Lake, OR 97731. Or camp on the lake shore at one of the nearby campgrounds.

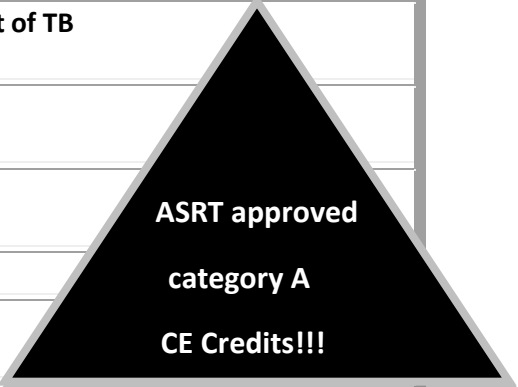

**Pre-registration is strongly encouraged as late registration or registration paid at the door will be assessed a late fee.** If you provide an e-mail address, a reservation confirmation will be sent. If you do not receive confirmation, please feel free to e-mail or call us to guarantee that your registration reached us. All registration questions should be directed to Robbyn Scriven at 541-359-8579 or [rscriven@oregonimaging.com](mailto:rscriven@oregonimaging.com). More information on our web page: [www.oregonsrt.org](http://www.oregonsrt.org)

Breakfast is provided each day before courses begin. Lunch on Saturday at noon is also included in price of seminar.

### OSRT Diamond Lake Seminar Schedule 2011

#### Saturday, September 10, 2011

8:00am-9:00am	The Radiographer's Role in Detection and Treatment of TB Brent Kell 1 CE
